

Waterproof Sandpaper for Wet and Dry Sanding

This waterproof sandpaper is suitable for both wet and dry sanding. It is ideal for automotive refinishing, woodworking, and metalworking.

Product Overview

Professional Grade Waterproof Sandpaper

This high-quality waterproof sandpaper is engineered for versatility in both wet and dry sanding environments. It is specifically designed to meet the rigorous demands of automotive refinishing, precision woodworking, and heavy-duty metalworking. Users can expect a consistent, smooth finish that enhances overall project quality while benefiting from the material's excellent durability for extended, long-lasting use.

Technical Specifications

Usage Modes

Wet Sanding • Dry Sanding

Applications

Automotive Refinishing, Woodworking, Metalworking

Durability

Yes
