

Weatherproof LED Batten Fixture

This weatherproof LED batten fixture provides robust and reliable lighting solutions. It features an integrated Mean Well HLG-185H-42A LED driver, ensuring stable power delivery and long lifespan.

Overview

Robust Weatherproof Lighting

This weatherproof LED batten fixture is engineered for reliable performance in demanding environments. Designed for both indoor and outdoor applications, it combines durable construction with high-efficiency LED technology to provide uniform, bright illumination. The inclusion of a high-quality integrated driver ensures stable power delivery and an extended operational lifespan.

Technical Specifications

Input Voltage	100-240VAC
Input Current	2.1 A
Output Voltage	42 V
Output Current	4.4 A
Frequency	50/60Hz

Features

Key Features

- Weatherproof design for harsh environments
- Suitable for indoor and outdoor use
- Integrated high-stability LED driver
- Secure mounting brackets included
- Energy-efficient operation
