

# Weatherproof Outdoor WiFi Security Camera with Night Vision

This weatherproof security camera is designed for outdoor surveillance. Equipped with infrared LEDs, it provides clear night vision capabilities and supports adjustable mounting for flexible installation.

## Product Overview

### Professional Outdoor Surveillance

This weatherproof IP security camera is engineered to provide reliable monitoring for both residential and commercial environments. It features a durable, weather-resistant housing that protects internal components from harsh outdoor elements. With integrated infrared LED technology, the camera delivers consistent, clear surveillance even in complete darkness, ensuring round-the-clock site protection.
