

Welding Hand Shield CE EN175

This welding hand shield complies with CE EN175 safety standards. It provides hand and face protection from sparks, spatter, and harmful radiation during welding operations.

Product Overview

Professional Welding Hand Shield

This welding hand shield is designed to provide essential protection for professionals during gas welding, brazing, and torch cutting operations. Constructed from durable, heat-resistant materials, it offers reliable shielding against sparks, spatter, and harmful radiation. The ergonomic handle design ensures a comfortable grip and precise control for extended use.

Technical Specifications

Lens Size

108 mm
Width

51 mm
Height

Material

Polypropylene (PP)

Compliance & Usage

Safety Standards

CE EN175

Recommended Applications

- Gas welding
- Brazing
- Torch cutting

Usage Type

Handheld
