

Wheel Loader Replacement Sleeve

This sleeve is designed for use in wheel loader models. It provides a reliable solution for maintaining and repairing wheel loader equipment.

Product Overview

High-Performance Replacement Sleeve

This replacement sleeve is designed to meet the rigorous demands of heavy-duty construction machinery. It is compatible with a wide range of wheel loader models, ensuring optimal performance and equipment longevity. Engineered for reliability, this component serves as a robust solution for maintenance and repair, backed by strict quality control processes to ensure it meets operational standards.

Compatibility and Standards

Part Number	29090000051
Certifications	CE, ISO

Service and Warranty

Quality Guarantees

- Five-stage inspection process
- Detailed pre-shipment photos and videos
- 100% compensation for incorrect or damaged parts

Warranty	6 months for main spare parts
