

Wheeled Garment Steamer with Adjustable Hose

This garment steamer features a wheeled base, a water reservoir, and a heating element. It is designed to remove wrinkles from clothing and fabrics using steam.

Product Overview

Professional Garment Care

This wheeled garment steamer is designed for efficient wrinkle removal on a variety of fabrics. Featuring a portable base and an adjustable flexible hose, it offers convenience for both household and commercial use. The unit includes a dedicated water reservoir and a heating element to generate consistent steam, controlled via an intuitive power switch with indicator lights.
