

Wheeled Platform Trolley with Handle Cutout

This platform trolley is designed for moving heavy items with ease. It features a wooden platform with a handle cutout and four swivel caster wheels.

Product Overview

Versatile Platform Mobility

This wheeled platform trolley is designed to streamline the movement of heavy items in demanding environments such as warehouses, workshops, and home settings. It features a sturdy wooden platform equipped with a convenient handle cutout for effortless lifting and transport. Built with four swivel caster wheels, it ensures smooth maneuverability and ease of use when navigating tight spaces.
