

Wide Crown Pneumatic Stapler

This pneumatic tool is designed for heavy-duty stapling applications. Its wide crown staples provide superior holding power for secure fastening.

Product Overview

Professional Wide Crown Pneumatic Stapler

This high-performance pneumatic stapler is engineered for heavy-duty applications, featuring a robust aluminum alloy die-cast body that withstands low temperatures and impact. Designed for efficiency and durability, it incorporates heat-treated components and advanced safety mechanisms to ensure reliable operation in demanding environments. With its ergonomic TPE handle and high-speed nailing capabilities, it is an ideal tool for construction, furniture assembly, and industrial packaging.

Technical Specifications

Nail Length Range	25-51mm
Nail Gauge	16 Ga
Shoulder Width	11.1 mm
Magazine Capacity	100

Performance Metrics

Performance Highlights

150000 cycles

Firing Pin Life

0.03 %

Nailing Failure Rate

Key Features

Key Features

Bump fire function, Heat-treated striker, Aviation grade bumper, High-strength alumina clips, TPE ergonomic handle

Safety & Durability

Safety Features

- Safety frame requires double body weight pressure to trigger
- Durable aluminum alloy die-cast body
- Wear-resistant gasket design
- Impact-resistant handle sheath
