

Wine Aerator Pour Spout with Stopper

This wine pourer features a clear glass spout with a flared design to aerate wine as it is poured. It includes a black rubber stopper with concentric rings to ensure a snug fit in various wine bottle openings.

Product Overview

Enhance Your Wine Experience

The Wine Aerator Pour Spout with Stopper is an essential tool for instant wine aeration, allowing you to wake up your wine as you pour. Engineered for functionality, the design prevents messy drips while ensuring a smooth and controlled pour every time. Crafted from high-quality food-grade materials, this accessory is both durable and easy to maintain for long-term use.

Product Durability

Easy to Clean • Durable Construction
