

Wired Dynamic Vocal Microphone

This wired microphone is designed for vocal and general audio use. It has a dynamic capsule and an integrated on/off switch.

Product Overview

Professional Vocal Performance

This wired dynamic microphone is engineered for versatility and durability in live performance environments. Constructed with a zinc alloy body and a heat-treated metal mesh, it offers reliable protection against wear and impact. The specialized cartridge design provides excellent climate resistance and high-fidelity sound, ensuring rich bass, mellow mids, and clear highs for professional-grade vocal reproduction.

Technical Specifications

Microphone Type	Dynamic
Polar Pattern	Hyper Cardioid
Frequency Response	100Hz - 10KHz
Sensitivity	-50 dB
Impedance	370 Ohm

Physical Characteristics

Net Weight	47 g
Construction Materials	Zinc Alloy Body, Heat-Treated Brazing Metal Net

Features

Key Functionality

- Magnetic reed mute switch for noise-free operation
- Twin-cord sheltered wire for interference resistance
- Climate-resistant cartridge
- Abrasion-resistant surface painting

Usage

Recommended Use	Live Shows, KTV, Program Hosting, Family Entertainment, Outdoor Events
