

Wired Over-Ear Communication Headset with PTT

This headset features an over-the-ear earpiece, an in-line microphone, and a push-to-talk (PTT) button. It is designed for clear communication and comfortable wear.

Product Overview

Professional Communication Headset

This wired over-ear communication headset is engineered for reliable, clear audio transmission in demanding professional environments. Featuring an integrated push-to-talk (PTT) button and an in-line microphone, it ensures seamless control and communication efficiency. Its ergonomic over-the-ear design is built for extended wear, making it an ideal solution for various operational communication needs.
