

Wired Over-Ear Communication Headset

This over-ear headset is designed for clear communication and comfortable wear. Its flexible microphone boom ensures crisp audio transmission, while the adjustable headband and cushioned ear cups provide comfort during prolonged use.

Overview

Professional Communication Headset

The LKT-A29 wired over-ear headset is engineered for clear, reliable communication in demanding environments such as call centers and online workspaces. It features a flexible microphone boom for precise positioning and noise reduction, ensuring crisp audio transmission. Designed with an adjustable headband and cushioned ear cups, this headset provides the comfort required for extended, all-day use.
