

Wireless Computer Mouse

This computer mouse allows for wireless connectivity. It incorporates a two-button configuration along with a central scroll wheel.

Product Overview

Ergonomic Wireless Connectivity

This wireless computer mouse is engineered for comfort and efficiency, featuring a sleek, modern design with a silver and black color scheme. It utilizes a standard two-button layout complemented by a central scroll wheel for intuitive navigation. Designed specifically for right-handed users, this device offers a clutter-free workspace by eliminating the need for wired connections.
