

Wireless Optical Mouse with USB Receiver

This wireless optical mouse is designed for comfortable and precise navigation. It features a sculpted ergonomic design and connects wirelessly via a USB receiver.

Product Overview

Ergonomic Performance

This wireless optical mouse is designed to enhance productivity with a sculpted ergonomic shape tailored for right-handed users. It offers a reliable, cord-free connection via a dedicated USB receiver, making it ideal for clean and efficient workspaces. The inclusion of adjustable DPI settings ensures precision, while its battery-powered operation provides portable convenience for daily professional use.
