

# Wooden Wagon with Adjustable Handle

This wooden wagon features a red metal frame and adjustable handle. The wagon includes a wooden box with a small seat and black wheels.

## Product Overview

### Classic Design Meets Modern Utility

This durable wooden wagon is designed for versatility and ease of use in various transport applications. Featuring a sturdy red metal frame and a light-colored wooden box, it combines classic aesthetics with robust construction. The inclusion of an adjustable handle and a small internal seat ensures both comfort for the operator and practicality for hauling loads.
