Product Overview

Professional Grade Leather Safety Gloves

These versatile safety gloves are engineered for durability and protection in demanding work environments. Constructed from high-quality leathers including cow split, pig grain, sheep grain, and cow grain, they offer reliable resistance against abrasions and punctures. Designed for comfort and utility, these gloves feature reinforced palms and precision stitching to ensure a secure grip and long-lasting performance for construction, gardening, and industrial tasks.

Material Composition

Construction Details

- Reinforced palm area
- Reinforced stitching
- High-quality leather construction

Available Leather Types

Cow Split, Pig Grain, Sheep Grain, Cow Grain

Performance & Use

Key Benefits

Abrasion Resistant • Puncture Resistant • Secure Grip • Heat Resistant

Recommended Applications

- Construction
- Gardening
- Welding
- General Industrial Use
