

Yellow Convex Push Button IP65 Waterproof Switch

This yellow convex push button switch is IP65 rated, providing waterproof protection. It is designed for electrical applications needing protection from dust and water.

Product Overview

Specializing in production of buttons and indicators since 1997
High-durability yellow convex push button for industrial control panels.

Robust Industrial Switching

This IP65-rated yellow convex push button switch is engineered for demanding industrial and commercial control environments. Featuring a durable zinc alloy and high-grade anti-flam plastic construction, it provides reliable switching for AC circuits up to 660V. Its specialized silver alloy contacts ensure high resistance to electrical erosion, while the IP65 rating guarantees superior protection against dust and water ingress.

Technical Specifications

Rated Insulation Voltage

600 V

Rated Insulation Voltage

6 kV

Impulse Withstanding Voltage

Contact Configuration

N/O + N/C

Mechanical Life

3000000 cycles

Environmental Ratings

Protection Grade

IP65 • IP66 • IP67 • IP68

Operating Temperature Range

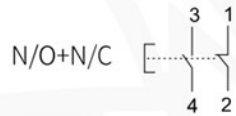

-5°C to +55°C

Mechanical Dimensions

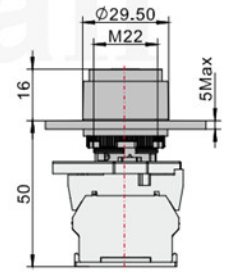

XDL31-CL55

Projecting
Push button
Spring return

- Black XDL31-CL25
- Green XDL31-CL35
- Yellow XDL31-CL55
- Blue XDL31-CL65
- Red XDL31-CL45

Precise mechanical dimensions for panel mounting.

Dimensions

Dimension	Value
Mounting Diameter	22mm
Button Diameter	29.50mm
Total Height	50mm
Max Panel Thickness	5mm

Compliance

Certifications	CE, ISO 9001, RoHS, UL
