Product Overview

Industrial Sliding Door Wheel

This heavy-duty sliding door wheel is engineered for smooth, reliable performance in demanding industrial and commercial environments. Constructed from durable metal with a yellow zinc-plated finish, it offers excellent corrosion resistance and long-lasting wear. Designed with precision bearings, this component ensures effortless movement and stable tracking for various sliding door applications.

Technical Specifications

Finish	Yellow Zinc Plated
Construction Material	Metal
Key Features	Precision Bearing, Corrosion Resistant, Grooved Profile, Heavy Duty

Application Suitability

Target Industries

- Industrial Doors
- Garage Doors
- Washhouses
- Assembly Lines
