

Youth All-Terrain Vehicle (ATV) for Recreation

This youth-oriented ATV is designed for recreational off-road use. It has a compact frame, a single-cylinder gasoline engine, and an automatic transmission.

Product Overview

Designed for Young Riders

The WJ50ST-2 is a versatile youth-oriented all-terrain vehicle specifically engineered for recreational off-road adventures. It combines a robust, compact frame with user-friendly handling, making it an excellent choice for beginners looking to develop their riding skills. With an emphasis on safety and control, it provides a stable platform for outdoor exploration under adult supervision.
